Article 3: The main object of this internship agreement is to ensure that the Student is able to put into practice the training he received at SUPINFO during the school year. Furthermore, the internship must represent an added value experience for the Student. The employer must not take any direct profit out of the presence of a student of SUPINFO in his Organization.

Article 4: Daily tasks entrusted to the Student: The intern will be in charge of development of new features on web and mobile applications. on journaldechancier.com. Internship technological environment: Linux environment

Internship educational goals: The intern will practice his skills with Zend Framework, IONIC and Angular JS. Like it's an internship of end of study, the intern will have to make a contribution on a technical level but also managerial. He must show proposal. The Organization is committed to respect this internship description.

Article 5: The Student is allowed to work from Monday to Friday except during class time. The Organization should not ask the student to be present any other day than the days listed here above.

Article 6: The student bound by this convention still remains a student of SUPINFO. He will be followed by the School Management or by the members of the administration acting on their behalf like any other student of the school. The student may come back to SUPINFO during the internship, to take some extra classes or to do some tests. These dates will be notified to the Organization representative by SUPINFO.

Article 7: During the internship, the Student must comply with the Organization's regulations; these include medical visits and Organization working hours.

Article 8: In the event of a discipline problem, the Director of the Organization or the person responsible for the internship reserves the right to end this present convention after having informed the School Management. Before the Student's departure, the Director of the Organization or the person responsible for the internship must make sure that the warning addressed to the School Management has been received.

Article 9: The Organization will pay the Student monthly: An allowance of 450\$CAD will be granted to the first three months, this amount will be increased to 700\$ CAD for the subsequent months. The Organization will also take in charge: subsidy of 400\$ on arrival and reimbursement of public transit cost of Montreal city

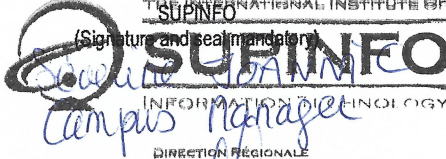

Article 10: The Student and/or the Organization will eventually provide Food and accommodation fees. The internal or external training fees required by the tasks entrusted to the Student during his internship, will be paid by the Organization.

Article 11: The Director of the Organization or the person responsible for the internship agrees that it must be clear that the Student's presence in the Organization must be an added value working experience for him. The school may request an appraisal of the Student's work during the internship from the Organization. The Organization commits itself to give the Student as well as the school, a statement describing the nature, content and duration of the tasks. The Organization will complete an online SUPINFO Internship Assessment Form at the end of the internship. The Director of the Organization or the person responsible for the internship agrees to be part of the Student's dissertation defense jury that will be scheduled by SUPINFO after the end of the internship.

Article 12: At the end of the internship, the Student must do a report. This report will be sent to the Management of the Organization or the person responsible for the internship, and then, sent back to the school, annotated. This internship report must be presented to the school to be published on the Internet.
